The Towers at Wildwood Atlanta, Georgia

On November 2, 2018, BOMA Georgia Community Service Committee held a work day at The Atlanta Hospital Hospitality House, a 10 bedroom mansion built in 1926 in the middle of Fernbank Forest. It is “a home away from home” to out-of-town chronically or critically ill patients and family caregivers who have traveled to Atlanta for life-saving medical treatment. The staff and volunteers provide affordable lodging, home-cooked meals and supportive companionship, improving the health and welfare of families in the midst of a medical crisis. We are proud of our team member, General Manager **Laura Hilgert** for her time given to this important project. The volunteers did landscaping, painting, wall repairs, installed new carpeting and HVAC system, and miscellaneous cleaning and polishing. Despite the rainy day it was a great turnout!

Holiday Breakfast**

The Ugly Sweater contest was a hit! The tenants had so much fun modeling their creations.

A catered breakfast was enjoyed by all!

Cascades Denver, Colorado

December has been very busy here at Cascades. Making sure all of the holiday decorations are in place and looking good. Our 25 foot tree outside is always a hit with the tenants. We also have our annual Holiday Tenant Event. This year it was an afternoon of coffee carts and desserts. The tenants look forward to it every year. It highlighted 2
